Section B FARMDOC						
B04 Natural products (or Genetically Engineered), Polymers						
New	B04-E02K	(2009-)	Encoding nucleic acid			
New	B04-E03K	(2009-)	Encoding nucleic acid			
B11 Processes, Apparatus						
New	B11-B05	(2009-)	Method for preservation and/or storage			
New	B11-C04H	(2009-)	Adaptors, fixing devices, seals	B11-C04	used for e.g., attaching tubes to syringes, attaching catheter tubes to supports	
New	B11-C06B	(2009-)	Formulation counting devices	B11-C06	e.g. tablet counting machines.	
New	B11-C07B7	(2009-)	Apparatus for colorimetric analysis where the apparatus is the novelty of the invention			
New	B11-C08F5	(2009-)	Functional genomics			
New	B11-C08F6	(2009-)	Functional proteomics			
New	B11-C08K	(2009-)	Other analytical apparatus where the apparatus is the novelty of the invention		Novel apparatus for colorimetric analysis codes as B11-C07B7.	
B12 Diagnostics and Formulation Types						
New	B12-M11R	(2009-)	Coated form general and other	B12-M11	Tablets with two or more coating layers are coded under B12-M11K	
New	B12-M11R1	(2009-)	Coated capsules	B12-M11		
New	B12-M11R2	(2009-)	Coated microparticles	B12-M11		
New	B12-R	(2009-)	Formulation specifically excluding one or more components		e.g. analgesic formulation specifically excluding aspirin. The component(s) excluded is/are not coded in sections B01-B10.	
B14 Pharmaceutical Activities						
New	B14-M01A1	(2009-)	Alcoholism treatment using replacement therapy	B14-M01A		
New	B14-M01B1	(2009-)	Antismoking treatment using replacement therapy	B14-M01B	e.g. nicotine replacement patches and gum	
New	B14-M01C1	(2009-)	Drug addiction treatment using replacement therapy	B14-M01C	e.g. methadone treatment	
New	B14-S14A	(2009-)	Cartilage and connective tissue disorders	B14-S14		
New	B14-S14B	(2009-)	Soft tissue disorders	B14-S14		
New	B14-S22	(2009-)	Prophylaxis		Used only when a compound or formulation is solely for prophylaxis or prevention of a disorder	
New	B14-S23	(2009-)	Chinese medicine		Applied to Chinese medicine documents when no specific Western-style diseases are mentioned as being treated i.e. when no other activity codes can be applied. Used to indicate that the Chinese medicine invention has pharmaceutical activity.	
New	B14-S24	(2009-)	Pediatrics/geriatrics

Section C AGDOC						
C04 Natural products (or Genetically Engineered), Polymers						
New	C04-E02K	(2009-)	Encoding nucleic acid			
New	C04-E03K	(2009-)	Encoding nucleic acid			
C11 Processes, Apparatus						
New	C11-C06B	(2009-)	Formulation filling devices	C11-C06	e.g. tablet counting machines.	
New	C11-C07B7	(2009-)	Apparatus for colorimetric analysis where the apparatus is the novelty of the invention			
New	C11-C08F5	(2009-)	Functional genomics			
New	C11-C08F6	(2009-)	Functional proteomics			
New	C11-C08K	(2009-)	Other analytical apparatus where the apparatus is the novelty of the invention		Novel apparatus for colorimetric analysis codes as C11-C07B7.	
C12 Diagnostics and Formulation Types						
New	C12-M11R	(2009-)	Coated form general and other	C12-M11	Tablets with two or more coating layers are coded under C12-M11K	
New	C12-M11R1	(2009-)	Coated capsules	C12-M11		
New	C12-M11R2	(2009-)	Coated microparticles	C12-M11		
New	C12-R	(2009-)	Formulation specifically excluding one or more components		e.g. herbicide formulation specifically excluding glyphosate. The component(s) excluded is/are not coded in sections C01-C10.	
C14 Pharmaceutical Activities						
New	C14-S14A	(2009-)	Cartilage and connective tissue disorders	C14-S14		
New	C14-S14B	(2009-)	Soft tissue disorders	C14-S14		
New	C14-S22	(2009-)	Prophylaxis		Used only when a compound or formulation is solely for prophylaxis or prevention of a disorder	
New	C14-S23	(2009-)	Chinese medicine		Applied to Chinese medicine documents when no specific Western-style diseases are mentioned as being treated i.e. when no other activity codes can be applied. Used to indicate that the Chinese medicine invention has pharmaceutical activity.	
New	C14-V04	(2009-)	Herbicide safener	C14-M01E		
Section D FOOD, FERMENTATION, DISINFECTANTS, DETERGENTS						
D05 Fermentation Industry						
New	D05-C16	(2009-)	Di- or tripeptides	D05-C	e.g. glutathione	
New	D05-H12G	(2009-)	Marker/reporter gene	D05-H12

Section L GLASS, CERAMICS, ELECTRO(IN)ORGANICS						
L03 Electro(in)organic						
New	L03-B02B4	(2009-)	Magnetic polymers, plastics	L03-B02B		
New	L03-B02B4A	(2009-)	Magnetic polymer composite particles	L03-B02B	Excludes magnetic pigments for recording (covered in L03-B05D1).	
New	L03-B02B5	(2009-)	Magnetic liquid compositions	L03-B02B		
New	L03-B02B5A	(2009-)	Ferrofluids, magnetic colloids	L03-B02B		
New	L03-B02B5B	(2009-)	Magnetorheological fluids, magnetoviscous liquids	L03-B02B		
New	L03-B02B6	(2009-)	Other magnetic material compositions	L03-B02B	Excludes magnetic recording.	
New	L03-B02B6A	(2009-)	Inorganic composite magnetic particles	L03-B02B	Excludes magnetic pigments for recording (covered in L03-B05D1).	
New	L03-B02G	(2009-)	Medical or pharmaceutical industry applications			
New	L03-B02H	(2009-)	Magnetic inks, paints, lacquers			
New	L03-B02J	(2009-)	Engineering, Automotive applications			
New	L03-B02X	(2009-)	Other applications of magnets or magnetic compositions		Excludes magnetic recording which is covered in L03-B05
